Get This Monthly Newsletter Via Email

To get this newsletter in your email, you must sign up! Just go to our website, www.IslaOnline.com and find the link for our emailing list. You can specify which emails you want to receive! We email our list about once a week with special notices, promotions, sales and much more. It is a great way to keep in touch between catalogs!

No Order Form Necessary!

Did you know that you can order without an order form?

Oh! Of course, you can order over the internet and by telephone and for that you don't need an order form either.

But if you want to order through the mail and send us a check, you do not need the order form to do that! Just write out on a piece of paper what you want to purchase, where you want us to send it (your billing address if that is not where you are sending the item). Enclose your check with that information, and you're good to go!

The people here at Isla who open the mail (Gerry, Betsy, Sheila and Elsa) know enough to call you if we have a question. The most important piece of information you can send us is your telephone number !

Another easy way to order and pay by check is to call us and place the order over the phone with one of us. We can tell you the amount of the check you need to send, and you'll write the order number we give you right on your check, and stick the check in the mail!

There is Great Christmas Shopping in "Clearance"

We say it every year...You do not need to spend a lot of money to give really great Christmas presents from Isla. In our Clearance Section, there are wonderful products - some are just the last 2 or 3 items we have of a product we can no longer get, some are products from previous years or earlier versions of a product that has since been changed or updated...they are not seconds, damaged or defective in anyway. They are the great gifts they were when they were full price - but now you can buy them for less. So, take advantage of the clearance section and check it every time you visit the website - there are wonderful surprises there

Another Reminder: 2008 Banco Popular Christmas Special

"Eco" A Hour-long Movie for Children!

The story is about a 10 year-old boy named Andrés, who is an accomplished *tirole* player. Filmed on location in Puerto Rico.

We are already accepting orders for this DVD and its CD. If you order this item together with other items that are ready to ship now, the CDs and DVDs will be placed in a separate order with their own shipping charge. Shipping should begin in early December.
