Banco Popular Christmas Special 2008?

Yes, there will be one!

We don't have any details yet, but we have been assured by Banco Popular that there is something in the works. We hope to have details in the Holiday 2008 Catalog...but watch the website for announcements about the special before the catalog goes in the mail.

You will be able to order the special from Isla and IslaOnline, as you have in the past - and we will take advance orders for shipping immediately when the merchandise comes in!

Stay Tuned In! Go to the bottom of this newsletter and click on "Update Profile/Email Address" and check off the list called "Banco Popular Specials - News & Updates". We'll use this list to notify you when we have any new news!

Isla's Coffee Clubs

How we send you your favorite coffee each and every month!

Isla has offered "[Coffee Clubs](#)", our automatic shipment of coffee each month, for several years. You can purchase any of the coffees we sell in the automated purchase plan, in the quantity you want! All clubs enjoy preferential pricing over retail purchases of the same coffee.

Our most popular club coffee is Café Yaucono. (If you haven't tried it, look below for a coupon for a free sample.) To make things simple, on the website you can choose one, two or four packages of coffee to be delivered each month - but if you want something customized to your tastes - It is as easy as a call to Isla...What kind of customization might you want? How about 3 packages of everyday coffee, and 1 gourmet each month? (Think of how you could enjoy that Sunday morning gourmet cup over your newspaper!) Or maybe you want 4 different coffees each month... or maybe you need more than 4 (i.e. for the office?).

All you need to do is ask! Just call us at 1-800-575-4752

Oh, and if you want to try all our coffees - order our "[Coffee of the Month Club](#)". A different coffee is shipped each month, and in a year's time - you'll taste 12 different Puerto Rican coffees. (A favorite gift item!)

What's New and Different?

As we reported last month, we're actively searching for new products for our Holiday 2008 catalog. Here's just one of the interesting things we've found!

This is a natural gourd (like the ones used to create guiros, cut in half lengthwise, cut and painted to resemble the coconut Vejigante masks that are typical of Loiza, Puerto Rico. I wish that the colors of the screen could do justice to the brilliant colors of this

unique item...and we found the facial expression priceless!

These gourds will be shown in the Holiday 2008 Catalog, but they are available for ordering already!

The hand-made pieces about 18" long overall (including the horns, the gourd portion is 12-13 inches. Expect some variation in size and shape since the gourds are a product of Mother Nature.)
